

CITY OF TEMPE FLOOD IRRIGATION SCHEDULE

Schedule

Irrigation water is delivered from 10 p.m. Sunday, through 2 p.m. Thursday. To cancel any irrigation run, please call Customer Services at least 24 hours before the scheduled irrigation day. Scheduled dates represent the start date for each area and it may take several days to complete.

Tips for Successful Irrigation

Inspect the property during irrigation.

Remove pets from the area.

Trim grass to less than six inches and maintain berms.

Clear leaves or debris from pipes under driveways and walkways.

Remove items from the yard that could be damaged or pose a safety concern.

Provide clear access to the irrigation valve.

Irrigation valve tampering is a serious issue.

Flooded streets, homes, alleys and washed out berms are often the result of customers operating their own valves. Please allow Tempe staff to perform this service. If there is a problem with the irrigation valve or service, or if someone is tampering with an irrigation valve, please call Customer Services at 480-350-8361.
